RE: RDL * Caliche Pit #471 * 2RP-4485

Good Afternoon,

Souder Miller and Associates will be (tentatively) sampling the above listed location at 10 am on Tuesday the 19th. We will also be pulling a water sample from the Alfadale water station. All samples will be sent to Hall Environmental for analysis. We are (as always) set up to take split samples if anyone would prefer.

Thank you,
