All,

I forgot to mention when I sent the schedule that we will be trying to begin at 8 am each day and that everyone will be required to meet EOG Personal Protective Equipment standards that are set for field operations. These standards include Fire Resistant clothing, hard hat, safety glasses, leather toed boots/shoes, and H2S monitor. I will have extra hard hats and safety glasses with me that I can lend out while you are on location, and we will waive the H2S monitor requirement since so many of us will be wearing them.

Thank you,

Chase Settle, M.S.
