RE: COG * Graham Nash St Com 8H * **2RP-4043** * DOR: 12/18/2016

Cliff,

Your proposal for remediation of the above referenced release is approved. OCD requests additional samples be obtained in a manner that will insure lateral definition/remediation has been achieved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike and Amber,

Please find the attached Delineation Workplan and remediation proposal for the COG Graham Nash State Com #008H (2RP-4043). COG is requesting that you review this plan and is looking forward to both the OCD's and SLO's approval.

If you have any questions, please let me know.

Thanks, Cliff
