RE: OXY USA * 2RP-4292

OCD concurs with BLM approval of the above referenced release. Please advise once remedial activities have been scheduled.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

BLM accepts your proposal for the Riverbend Fed 8 SWD ** 2RP-4292 with the following stipulations:

1. SP-3 - confirmation will be required.
2. All of the new surface disturbance (west and south of location) including the spill path will need to be restored when weather conditions are applicable.

Like approval from the NMPCD will be required.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Mike,

Please find the attached Delineation Workplan and remediation proposal for the OXY Riverbend Federal 8 SWD (2RP-4292) that we discussed yesterday in your office. OXY is looking forward to the OCD's approval.

Shelly – OXY requests that you review this plan and look forward to the BLM's approval as well.

If you have any questions, please let me know.

Thanks, Cliff
