All

Caza has completed the remediation, hauled impacted caliche and material to disposal, hauled clean caliche back to site, and installed new equipment and berm liner. North Jetty oversaw the process and collected confirmation samples. I will have the report to you by [March 21, 2018](#) if not sooner.

Regards

Coty,

OCD would like an update on where you all are at on this one. **Please respond no later than 3/19/18 with an overview of where the project is at currently.**

Thank you,

Crystal Weaver

RE: Caza Operating * Forehand Ranch 22 St 8 * **2RP-4395** * DOR: 9/1/17

Coty,

Your proposal for remediation of the above referenced release is approved. Please proceed on your schedule.

Thank you,

Mike Bratcher
NMOCD District 2
811 South First Street

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

All

I was checking to see if the attached delineation report and remediation plan was received and if y'all had any objection to the path forward. This site burned and is scheduled to be rebuilt next week. We need to know as soon as possible so we can carry out or reschedule rebuild activities. Thank you for your time and efforts in this matter.

Regards

Coty
