Subject: Re: Initial C-141 - PLU #279 2-2-18

Thank you for the C-141. The area has been surveyed and there are no arch sites in the immediate vicinity.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

Shelly J Tucker

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Good Morning,

Please find attached the initial form C-141 detailing the accidental release of fluid from the referenced facility and for which we sent the notification below. Feel free to contact us anytime and, as always, thanks for your help.

Respectfully,

Amy C. Ruth

Subject: Release Notification - PLU #279 (API 30-015-35477)

Good Afternoon,

This is sent as notification of a fluid release discovered this morning associated with the referenced well in an amount greater than 25 barrels. The release occurred in the vicinity of GPS 32.208396 N, -103.915281 W at the road crossing and flowed NW approximately 50 feet into the pasture. Additional information will be submitted with a C-141. Please call with any questions or concerns.
