Subject: Urgent Backfill request/Closure Request PLU #279 Flow Line/2RP-4624
Attachments: Closure Request_PLU #279 Flow Line_2RP-4624.pdf; Final_C141_2RP-4624.pdf

Importance: High

Crystal and Mike,

Please see the attached closure request reporting remediation and sampling activities for a recent release at the PLU #279 Flow Line/2RP-4624 for XTO Energy. XTO is requesting NMOCD approve backfill immediately for the PLU #279 flow line site since the excavation area is located alongside an active oil field road. XTO excavated impacted soil and laboratory results from confirmation soil samples indicated the impacted soil has been removed.

Can you please let me know if this request can be expedited?

If you have any questions, please do not hesitate to contact myself or Kyle Littrell at XTO.

Thank You,

Adrian Baker
Project Geologist
