Subject: RE: Marathon Oil Company - Sterling 20 State 1H Initial C141

Hello all,

Around the dates of 2/1/18 to 2/10/18 my email seemed to have some issues. I show stuff in my email inbox that I don't believe I showed having in there before.

The Initial C-141 submittal that you all sent for this one and for the Southern Comfort 20 location release I am only noticing now to have appeared in my email box. I will get those forms processed and sorry for the delay.

Just an FYI (that I am sure you all are aware of since time has passed since these were sent in) make sure to send all your Environmental submissions relevant to OCD District 2 Office to both myself and Mike Bratcher so that hopefully one of us ends up getting/seeing it and is able to communicate it to the other staff member and back to you all as well.

Thanks,

Crystal Weaver

Hi Crystal,

Please see the attached for our initial C141 submittal. We are working with Kim at Talon LPE for clean-up and assessments.

Callie

Subject: Sterling 20 State 1H 24 hour notification

Good afternoon,

At 5:40 am, an oil hauler arrived on location to begin loading. While loading, approximately 51 barrels of oil were released into steel and lined containment affecting a 55'x30' area. Standing fluids were recovered.

I contacted Kim with Talon LPE to conduct an assessment of the site and coordinate clean-up. We will submit a C141.

Let me know if you have any questions.
