Ike,

Yes I would like to have a date by which you all are intending to "evaluate the spill area" and an explanation of what exactly that would involve (I am assuming that means you all are going to delineate the site???).

Thanks,

# **Crystal Weaver**

Crystal,

Tetra Tech will be evaluating the spill area at the El Presidente 4H located in Eddy County, New Mexico. Once the impacted soils are defined, Tetra Tech will prepare a work plan for your approval. Let me know if you need additional information or have any questions, thanks

RE: Marathon \* El Presidente State #4H \* 30-015-44165 \* 2RP-4557

Jason,

I have included a scanned copy of the signed Initial C-141 Remediation Permit along with an attached Conditions of Approval (COA). The OCD tracking number for this event is 2RP-4557, please refer to this tracking number on any and all submissions sent in to the OCD. Please remit a site characterization plan (see COA document included in attachment) or advise OCD of plan of action by no later than 2/16/18.

Thank you,

#### **Crystal Weaver**

Subject: El Presidente 4H Spill c141

Good Evening,

Attached you will find the completed initial C-141 report for our El Presidente spill on 12/24. I have also included a couple photos of the spill and some post clean up on location. Also a picture of the fenced off area waiting a cleanup and remediation plan. Let me know if you have any questions.
