RE: RKI/WPX * East Pecos Fed 22 5H * **2RP-4673** * DOR: 3/3/18

Jim,

This proposal for remediation of the above referenced release is approved with the following:

- Any liner placement must be a minimum of 4' bgs.
- Notify the OCD District 2 office once remedial activities have been scheduled.
- Federal sites will require like approval from BLM.

Thank you,

Mike Bratcher

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
