Kerry,

Your request for backfill and closure of the above referenced release is approved.

Thank you,

Mike Bratcher

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike,

Good afternoon. I don't want to bother you, knowing how busy things are over there now, but I did want to check in and see if you'd had a chance to review the backfill/closure request for the TEG spill at our Roadrunner Plant?

If there are any questions or concerns, please let me know.

Thanks,
Kerry Egan
