Subject: Candelario EMR

Good Afternoon All,

I hope all is well. I am reaching out to confirm this Wednesday, the 18th of this month, SMA will be collecting confirmation samples from the area surrounding the source at the Candelario Emergency Response Location. I have arranged for a backhoe, vacuum truck and small handheld concrete saw to be on location in order to power-wash and sample the bedrock if refusal is reached (as specified in the BLM approved workplan).

Please feel free to call my cell phone for any more details, questions or clarifications.

Thank you all so much for your time
