All,

Just a reminder, if the affected area does not meet BLM reclamation objectives, the location will be addressed until those objectives have been met. Inspection will occur during next surface inspection or during abandonment, whichever occurs first. Thank you and have a great day!!

Henryetta Price

Environmental Protection Specialist

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

All,

OCD approves closure for the above referenced release. Ms. Price with BLM approved closure 2/13/18.

Thank you,

Mike Bratcher

NMOCD District 2
