Denise,

Thank you for the notification. Please include Maria Pruett in all environmental related matters. Also, and you may already know, but there is a new Form C-141 on the website.

Maria's email is: [maria.pruett@state.nm.us](mailto:maria.pruett@state.nm.us)

Thank you,

Mike Bratcher

**Subject:** Release Notification

Mr. Bratcher – our field personnel just discovered a release on the Ann SWD. (30-015-23580, Unit Letter G, Section 18, Township 19S, Range 26E, Eddy County) There were approximately 300 bbls of produced water contained within a lined berm. I am working on the C-141, and the field is in the process of recovering the water. Mr. Mike Anthony is the field supervisor and he will give the District office 2 days notice before inspecting the liner. The spill occurred sometime around 1:00Am 09/05/2018, and was discovered at approximately 8:00AM 09/05/2018. You may reach Mr. Anthony at 432-631-4398 with any questions.

Thanks!

*Denise Jones*
