Hi Robert,

I have attached the revised C-141's signed by the company representative for your records. Please review and advise me if you can grant an approval on the respective work plans. Also, could you please let me know if I have a contact person here in the Lea County Division Office?

Thanks you for all of your help!

Best Regards,

Rebecca Pons

Hi Rebecca,

If the Remediation Plan wasn't approved before 8/14/18 we will still need pages 3,4, and 5 of the new C-141. Sorry for the delay, we are slowly making progress.

Regards,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Robert,

I have attached copy of our correspondence regarding the C-141 that was filed with the NMOCD on 07/10/18 and the issuance of the RP number for 2RP-4854.

Since there has been a changing of the guard at the NMOCD it has been difficult to ascertain the approval or denial of Characterization/Remediation Plans. Since this incidents was pre August of 2018, are you still requiring the new C-141's? If so, I will draft this for signatures and submit ASAP. And, I actually sent them in separately originally, but received no response. I appreciate all of your help and effort with this.

I will send the revised C-141 for the 2RP-4969 tomorrow.

Best Regards,

Rebecca Pons

Rebecca,

Please fill out the attached portion of the Form C-141. These pages will need to be sent in with Characterization and/or Remediation proposals. Anytime we receive a Characterization and/or Remediation Plan, we will need pages 3,4, and 5

of the C-141 in with that plan. One of the releases was pre 8/14/18 and should be sent to Brad Billings, but since you sent them in together I will review them both.

Please let me know if you have any questions.

Thank you,

Subject: [EXT] Outstanding Work Plans for Breitburn

Good Afternoon,

I submitted these work plans back in December, and have not had a response as to whether they were approved, or approved with conditions. Could you please review these for me and advise me. I believe these locations have sold, but Maverick wants to follow up regarding the remediation status. We will proceed upon your advisement. Have a great weekend!
