Ms. Pruett,

COG is requesting an extension of time to submit a work plan for the above mentioned site. This release was caused by a third party who said they were going to hire a consultant to delineate the site, submit a work plan and to remediate the site. The third party hired TRC to consult on the remediation. The remediation has been conducted but the excavation was filled with rain water due to all the recent rains. TRC needs to collect some additional confirmation samples and has been waiting for the excavation to dry out. TRC is scheduled to collect samples sometime this week. COG is requesting an extension until December 21, 2018, to submit a work plan to the NMOCD District 2 office. Please let me know if you have any questions or concerns.

Thank You,

Becky Haskell
