Good afternoon,

We did complete the inspection for 2RP-5104 and the liner failed. I did request a quote from Triple T Liners and have not received it yet. May have we extension for 2RP-5104?

Callie

Beware of links/attachments.

In addition to final closure samples for 2RP-5064, SMA will also perform the liner inspection for 2RP-5104. I apologize for failing to mention this in my email yesterday.
