Rebecca,

I'm not sure where we are at with this spill event other than Micro Blaze application to the overspray area. The submitted work plan will meet our needs with the exception of AH-15 where the analysis are showing 28000 @ 1ft. and that was the end of delineation. We will need additional delineation at this point prior to any authorization for remediation. If any questions please let me know. Thanks

**RE: [EXT] revised-signed Ascent C-141 Emperor Oil Co. Federal Gas B Com#001. DOR 03/12/2019**

All,

The OCD tracking number for this release event is [2RP-5409](#).

Thank you,

Victoria Venegas

EMNRD

OCD-District II

811 S First St. Artesia

NM 88210

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Hi Amalia,

My apologies for the delay, as I have been awaiting signature from the representative with Ascent Energy, and it has been a Monday for sure :/

Thank you

Best Regards,

*Rebecca Pons*

---

Hi Amalia and team,

I apologize for my impatience; as I am dealing with an impatient customer, who is receiving pressure from not only the State but the BLM as well. We have took proactive measures by Micro Blazing the pasture area, however Jim Amos with the BLM has contacted me regarding the remediation plan. I really appreciate all of your assistance with this. Have a great weekend.

Best Regards,

*Rebecca Pons*
