Good Morning,

This email is to inform all interested parties that SMA will be collecting samples that were previously discussed in our individual meetings beginning at approximately 9 a.m. on Tuesday October 16, 2018 per NMAC 19.15.29.12 (D)(1)a. This email will serve as our 48 hour notification. We will send an update if this time or date changes.

Please find the attached figures and tables. We plan to collect closure sidewall samples along the sloped portion of the road, this would include sample points HSW1, HSW3 – HSW5, HSW12, HSW14, HSW16, HSW18.

We will also be collecting bedrock samples from the Cell 4 Sample Area and from BG1 to run EPA Method 300 with an adjusted preparation method that is more applicable to the sample area and soil type.

Please don't hesitate to call if you have any questions or concerns.

Thank you,

**Melodie Sanjari**
