Rebecca,

Please fill out the attached portion of the Form C-141. These pages will need to be sent in with Characterization and/or Remediation proposals. Anytime we receive a Characterization and/or Remediation Plan, we will need pages 3,4, and 5 of the C-141 in with that plan.

Thank you,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
