Rebecca,

I have reviewed the work plan. The BLM is approving the plan as submitted. You may proceed with remediation. If you have any questions, please get back to me. Thanks

Ms. Haskell,

Your request for an extension for COG - Canvasback 13 Fed 2H (30-015-40538) (**2RP-5008**, 9-28-2018) and (**2RP-5016**, 10-6-2018) to August 19th, 2019 is approved.

Thank you,

Victoria Venegas

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Mr. Hamlet,

Under the new spill rule a closure report is due for the above release on 5/19/19. COG has submitted a work plan which was approved by the NMOCD on February 18, 2019, however COG is still awaiting approval from the BLM. We can't start remediation activities without BLM approval. COG is requesting a three month extension until August 19, 2019 in order to hopefully obtain BLM approval and conduct remediation activities and prepare a closure report. If we do not obtain BLM approval we may have to request an additional extension. Please let me know if you have any questions.

Thank You,

Becky Haskell
