### Corazon State Unit #005H 1RP-5474

Mr. Tavarez,

OCD has received your closure request for Corazon State Unit #005H 1RP-5474, thank you. This closure is denied for the following:

- In table 5-6-19 "Soil Sample Results", concentration values for TPH and GRO+DRO are over the limit for sample S-4@0'. The laboratory results of the confirmation sample S4@2' were not provided.
- In table 5-6-19 "Soil Sample Results", concentration value for Chloride is over the limit for sample S-3@0'. The laboratory results of the confirmation sample S3@0.5' were not provided. In both cases, the final lab results are missing in Appendix V -Laboratory Data-.
- Please, include the final laboratory results for samples S4@2' and S3@0.5' in the report and resubmit it via OCD's fee portal: <https://wwwapps.emnrd.state.nm.us/ocd/ocdpermitting/>

Regards,

*Victoria Venegas*

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
