### OXY - PURE GOLD B FEDERAL #4 2RP-5049

Mr. Dittrich,

OCD has received your remediation plan for OXY - PURE GOLD B FEDERAL #4 2RP-5049 thank you. This Remediation Plan is approved with the following Conditions of Approval:

- Additional excavation may be required. OXY will excavate the spill area to a depth of 1 foot or until soil samples are under the closure criteria for this site, whichever comes first.

Regards,

*Victoria Venegas*  
*EMNRD*  
*OCD-District II*  
*Artesia NM*

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
