	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input checked="" type="checkbox"/> Water Disposal, INJECTION WELL	

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

A water leak has been noted in this Unit water injection well. We Plan to determine the water source. Once found we will make the necessary repairs to the return this well bore to the mechanical integrity required by BLM and NMOC. We plan to dig and line an emergency working pit and attempt a cement squeeze. We will install new externally coated 4 1/2" casing to tie into liner and cement in place.

14. I hereby certify that the foregoing is true and correct
