Bass Enterprises Production Co. respectively requests Temporarily Abandon status for one year, while we evaluate the wellbore for other production potential or for possible use as a salt water disposal well. New technologies are continually being developed that may allow us to return the well to production. It is for these reasons that TA status is requested. As always Bass will strive to be a prudent operator by performing annual MIT test so as to ensure the mechanical integrity of the wellbore.

* Perform MIT w/in 30 days.
