	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	<u>deadline</u>
Final Abandonment Notice	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

Under Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Check the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once logging has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

I, E&P, LLC, respectfully requests to extend the deadline given on approval of Intent to Plug and Abandon for the above referenced well. BLM approval to P&A was received on July 16, 2010, and NMOCD approval was received on July 22, 2010. BLM specified the well to be plugged within 90 days of

going to location but could not find a road to the location, the actual location, nor the wellhead. The well was located and the wellhead has been located. We now plan to build a road to the location, build a location and subsequently plug and abandon the well. All other stipulations in our approved Intent remain the same.

I hereby certify that the foregoing is true and correct. Name (Printed/Typed)
Sharp
