	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Judah Oil, LLC respectfully request permission to allow us to begin construction of the locations for re-entry of the Jamoca Federal #1 SWD and the Cedar Lake SWD Project. The ROW Applications, along with the Application for Permit to Drill or Re-Enter were submitted on June 2, 2011. It has come to our attention that our APD is being held up in Geology due to a backlog of applications. Our application has passed through the Surface Department and therefore we would like to begin construction of the locations so re-entry of the well bore can begin as soon as final approval has been issued.

Surety Bond #1059053 for the amount of \$25,000 has been received by the Carlsbad District Office to cover this project.
