13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection)

1. The location at the Depco Federal No. 3 was built but not drilled. Some of the soil from this location was used for reclamation of the other closed reserve drilling pits at the Depco Federal No. 2 and the Carbon Valley Deep 23 Federal No.1.
2. All rock materials were pushed up and deep buried within the location.
2. The location was recontoured to match the surrounding terrain and will be seeded using the recommended BLM seed mixture for the area.
