Operator,

Please have the excavation of contaminated materials at the above referenced well site completed no later than April 25, 2005. Contact this office no later than April 26, 2005 to schedule a meeting at the well site to obtain final confirmation samples. Samples are to be delivered utilizing proper chain of custody and documentation of such, to a certified lab for analysis for BTEX and TPH (DRO & GRO).

Thank you,
