If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Cimarex requests to move the SHL for the White City 14 Federal No. 13H 75' to the North to avoid a pump Jack on the White City 14 Federal No. 7 well 55' to the South. Wells are co-located on same pad. SHL remains in arch clear buffer and moves further away from drainage tributary to the SW.
