Dear Mr. Slack:

As per your request on behalf of Devon Energy Corporation received in this office August 16, 2005, and for the reasons outlined in your letter, a six-month extension of the deadline in which to convert to injection the Todd 13B Federal Well No. 2 (API No. 30-015-28904), approved by Division Order No. SWD-934 is hereby granted.

Provided: The operator shall not begin injection into this well until all pre-conditions contained in the original order are complied with.

The injection authority for this well shall expire on January 22, 2006, if the operator has not commenced injection operations.

Sincerely,

William V. Jones P.E.
