13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Oxy, respectfully requests an approval for a 30' pad extension on the vdoor side (WEST side of the pad). When the APD was submitted it was for a 150' Vdoor and now we need a 180' Vdoor. We changed our mud hauler and the type of trucks they use require a larger pad on the Vdoor side. Once the well is completed the additional 30' will be reclaimed.

Accepted for record  
NMOCDC-105

Original Conditions of Approval Apply  
The additional disturbance will be reclaimed during interim reclamation.  
12/2/13

*OK Surface Log in A.B. by 12-13-2013*

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #228139 verified by the BLM Well Information System
