NATURE OF RELEASE

Type of Release - Drilling Mud (Fresh Water)	Volume of Release - 12 bbls.	Volume Recovered - 12 bbls.
Source of Release - Mud Shaker	Date and Hour of Occurrence - 11/17/14, 8:15 am	Date and Hour of Discovery - 11/17/14, 8:15 am
Was Immediate Notice Given? <input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not Required	If YES, To Whom?	
By Whom?	Date and Hour	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	

If a Watercourse was Impacted, Describe Fully.\*

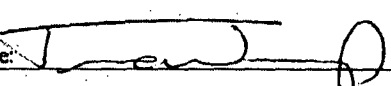

Describe Cause of Problem and Remedial Action Taken.\*

Approximately 12 barrels of fresh water drilling mud flowed out of the three sided bin and spilled onto the ground. While circulating drilling mud through the pits, the discharge valve on the line running to the possum bellies was manually opened allowing the drilling fluid to flow over the shakers filling up the three sided bin and continued spilling onto the ground. Used a front end loader to clean up.

Describe Area Affected and Cleanup Action Taken.\*

Area was approximately 150 sq. ft., used a front end loader for clean up.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
