The New Mexico Oil Conservation Division District II Office (NMOCD) is in receipt of an Initial Report C-141 requested after an inspection of the site by an NMOCD field inspector. The inspection identified areas of contamination that will require remediation actions to be performed. The C-141 and related documents were submitted to the NMOCD by your agent, Environmental Plus, Inc. The submittal indicates this well site is in a possible ground water sensitive area.

Please submit a Corrective Action Work Plan to this office for correction/remediation of this release. Please use the "Guidelines For Remediation of Leaks, Spills, and Releases" as your guide.

This document may be found on the NMOCD web site: www.emnrd.state.nm.us/ocd, under Publications/Environmental Handbook/Miscellaneous Guidelines/Spill Prevention Clean up.

The work plan presented to the NMOCD must include general site characteristics, site ranking score, soil remediation action levels, soil remediation methods, and planned analytical testing for TPH, B-TEX, Chlorides or any other CoCs as applicable.

A Final Report Form C-141 is required to be submitted upon satisfactory completion of project, and must include a report of remediation actions taken with final confirmation sample analysis results attached.

Like approval by BLM required if applicable.

Please have the requested work plan in the Artesia office on or before November 30, 2005. The NMOCD District II Office must be notified 24 hours prior to commencement of remediation actions and prior to samples being obtained where analysis of such samples are to be submitted to the NMOCD.

<u>In the event that a satisfactory response is not received to this letter</u> further enforcement will occur. Such enforcement may include this office applying to the Division for an order summoning you to a hearing before a Division Examiner in Santa Fe. Such a hearing may result in imposition of <u>CIVIL PENALTIES</u> for your violation of <u>NMOCD</u> rules.

If I can be of assistance in this matter, my contact information is listed below.

Sincerely.
