"Certified-Return Receipt"

Enclosed is a copy of an application filed by Chi Operating, Inc. with the New Mexico Oil Conservation Division, seeking authorization to surface commingle production from the South Carlsbad Delaware Pool originating from wells located on certain Fee leases covering parts of Sections 30, 31, Township 22 South, Range 27 East, NMPM, Eddy County, New Mexico. Chi also seeks an exception to the metering requirements of Rule 303.B by authorizing the allocation of production from these wells on the basis of periodic well tests. If you object to the application you must notify the Division (1220 South St. Francis Drive, Santa Fe, New Mexico 87505) within 20 days of the date of this letter. Failure to object will preclude you from contesting this matter at a latter date.

Sincerely,

John W. Qualls
