Dear Mr. Gray:

Mosaic Potash Carlsbad Inc. does not object to the location of Devon Energy's Application to Drill the Spud 16 State #6, 920' FNL, 990' FWL, of Section 16, Township 23 South, Range 29 East, NMPM. This location over ½ mile from an area designated as measured ore by the BLM, and from Mosaic's LMR containing valuable potash ore.

As more information becomes available, our estimates of the extent of potash resources in any given area may change. Therefore, please consider this "no objection" to this location to be valid for one year only. If you are still considering this well location at a date later than one year from today, notify us again at that time so we can make the decision on information current at that time. Do not consider a "no objection offered" or an "objection offered" decision to be permanent.

Mosaic Potash Carlsbad Inc. hereby does not object to the drilling of a well at this location.

Sincerely,

Dan Morehouse
Mine Engineering Superintendent
