13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Interim reclamation has been completed. Please see attachments.

Corners rounded off to gain more in reclamation since these areas are not used for daily operations. IR followed plan in AAPD with IR added to the south side taking to a 3:1 slope. Pad is bermed.

Remaining surface needed for daily operations is 185' x 205' or 0.87 acres.

Other information: well pad clean of spills, pump jack shale green, and secondary containment netted.
