13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

BOPCO, LP respectfully submits this sundry notice of intent to utilize a temporary LACT unit to sell oil from the referenced location.

Request is to utilize a skid mounted Coriolis Meter to sell oil production from the flowback storage tanks located on the well pad. This custody transfer meter is designed, installed and operated in accordance with all applicable API standards

Meter will meet all applicable provisions of CFR 3174.

Meter will be proven with the first sale of oil; BLM will be notified 24 hrs prior to sale/proving to witness.
