Dear Bryan:

30-015-34935

Marbob Energy's plans the following BOP testing procedures: We will test the BOP with an independent tester when nipped up on the 8 5/8" casing. Then daily we will function test BOP's by exercising pipe rams and we will test blind rams on trips. We will record the tests on daily IADC sheets.

If you have questions or need further information, please call.

Sincerely,

Sheryl Baker  
Drilling Superintendent
