Dear Lindsay,

I cannot approve NMOCD form C-104 for the above noted well as there is required regulatory information that has not been submitted as of this date 7/3/2006.

I find no record of the Oil Conservation Division receiving the complete set of electric logs, nor do I find a notarized well deviation report.

Please explain in writing why Preston Exploration, LLC completed this well back on 12/19/2005 and is just now submitting a

C-104 (Request for Allowable and Authorization to Transport).

Please submit the required information no later than 7/10/2006.

Please call if you have any questions.

Yours truly,
