13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Due to the expense of building the Nagooltee Peak "5" Federal Com. #6 location, as approved on the APD dated 2-20-2003, Devon would like to propose, for your approval, the following changes to the drilling program.

- (1) Drill this well using a "closed" mud system (no reserve pit)
- (2) Building the location as per the attached location sketch.
