Dear Mr. Arrant:

Please accept this letter as our notice we do not believe the referenced plan is required for the referenced well. We have calculated the hazard volume as follows: highest H2S quantity 10,000 PPM, and using a production rate of 255 MCFGPD the 100 PPM radius is 181' and the 500 PPM radius is 83'. This footage does not get off our well locations.

Please contact our Mr. Mark Jacoby or the undersigned if you require additional information.

Yours truly,

A handwritten signature in cursive script that reads "James H. Arline".

James H. Arline
Materials Coordinator
