13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once Testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Yates Petroleum Corporation request a variance to the Special Drilling Stipulations with regards to the roads and the drill pad for this well to be surfaced with 6 inches of compacted caliche upon completion of well and it is Yates Petroleum Corporation request to minimize the footprint of oil and gas operations and in efforts to utilize best management practices; the roads and the drill pad for this well will be surfaced only as necessary with no more than 4 inches of compacted caliche upon completion of well and it is determined to be a producer.

Thank you.
