Salt Draw (Morrow) West, Eddy County, New Mexico

Dear Bryan,

Please see attached Form C-103 and C-102 for Notice of Intent to sidetrack the above referenced well, as production could not be established due after completion attempts with the current vertical hole BHL location of 1980 FSL & 1980 FWL, Section 5, T25S, R28E. The proposed BHL location w/sidetrack directional will be 660 FWL & 660 FSL.

Please let me know if the C-103 is acceptable, or if you will need further information concerning this remedial drilling. Thank you.

Yours truly,
