Gentlemen:

I have approved your application at the well location requested. The Glow Worm Drill Island is along the Township line between 22 and 23 South. This Township line is also the southern boundary of the WIPP holdings. The Island's southern boundary is a line 330' to the south of, and parallel to, the WIPP boundary. The Drill Island extends east and west to the current measured ore boundaries. A copy of the approved application with stipulations is enclosed. Please contact our Carlsbad Field Office at (505) 234-5972, should you have any questions, or if we can be of any additional help.

Sincerely,

*for* Linda S.C. Rundell  
State Director
