13 Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work and approximate duration thereof. If the proposal deepens directionally or recompletes horizontally, give subsurface location and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirement, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection)

A successful Mechanical Integrity Test was performed on the referenced well on 3/20/08. A representative from the BLM was present to witness the test. The original chart is attaced.

The following was performed:

MIRU and pull out of hole with tubing, rods, and pump. RIH with CIBP and set at 1731'. Test casing to 530 psi for 30 minutes. Held good. RDMO.

Devon Energy Production Company, L.P., respectfully requests temporarily abandoned status for one year while we apply to convert this well to an injector.

After 9-13-08 the well must be online or plans to P & A must be submitted.

Submit copy from NMOCD For Request to convert to WIW
