Devon Energy Production Co., LP respectfully formally requests an extension of the lease due to unforeseen downhole complications with our Arena Roja Fed Unit 5 location and the extended time to drill to TD; causing delays and pushing back our rig scheduling and timing.

Due to the API # not yet assigned by the OCD on the Cowpens 28 Fed Com 1, the rig was moved to the Coyote 14 Fed 1 location. Devon seeks a 90 day lease extension in efforts of due diligence in attempting to have the rig drilling footage over the lease expiration date of September 1st. Conductor will be set prior to lease expiration date. 90 day extension requested should there be unforeseen complications with the Coyote 14 Fed 1 location. Offset Coyote 14 Fed 2Y location drilled previously (December 2006) was skidded due to parted casing with extended drilling time. Cowpens 28 Federal Com 1 to be drilled as soon as Grey Wolf 33 becomes available.

11th year rental have been paid 07/24/08 in the amount of \$480.00
