13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

EnerVest Operating, L.L.C. respectfully requests Temporary Abandonment approval due to the following justifications:

1. We request that this well be TA now in order to remove it from the NMOCDs Inactive Well List. Due to the number of wells currently on this list, we are utilizing all of our efforts to bring every inactive well in NM into compliance and keep them off of this list.
2. Per Onshore Order No. 1, we are requesting a 1 year TA extension from the date of this test, allowing us time to determine possible use of this well in our new WLHU Waterflood Project.

Also attached is the wellbore diagram, showing perfs, CIBP and TOC.
