13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Devon Energy Production Company, LP request a 15 day extension to the Sundry Notice approved on January 11, 2011 granting a 15 day extension to move Patterson Rig 41 onto location and begin drilling.

The extension is needed due to multiple drilling issues of the well the Patterson Rig 41 is currently drilling. The well had deviation issues during the intermediate section along with numerous directional equipment failures in the lateral.

Thank you for your understanding with this matter.

Extension granted for 15 days

Patterson 41 to be drilling by end of day 02/12/11.

14. I hereby certify that the foregoing is true and correct.
