Re: Request for Plug & Abandon  
Extensions  
Eddy County, New Mexico

Mr. Winkler,

CBS respectfully requests extensions for the following P&A wells. CBS has recently completed plugging the Porcupine, North Square Lake Unit No. 20 and unexpectedly the North Square Lake Unit No. 59. Our plugging company will not be available again until year-end to work for us. Additionally, CBS has recently obtained from the NMOCD an extension to injection order (PMX-224) covering three of the inactive wells on this list.

In order to facilitate our plugger's schedule and our waterflood development efforts, CBS respectfully requests the following plugging timetable for the following wells:
